

Designer Kaffe Fassett ~ Lecture and Workshop

Kaffe Fassett is described as one of the foremost experts on the subject of color in design. Traditionally trained as a painter, and taking much of his inspiration from nature, Fassett has a flair for encouraging others to capture the individual inspiration that he knows they possess. He is unparalleled in his ability to make his audiences realize their potential to “create” something truly beautiful and life-enhancing.

The uninhibited use of color is what Kaffe believes can inspire any craftsman to create imaginative original designs. Defying compartmentalization, he doesn't teach quilting so much as he instructs crafters how to be inspired by what they see and love. He feels everyone has a “creative soul”. In this hands-on workshop you will learn how to express color through design while making the Diamonds Quilt. The cutting and layout will be on Saturday with Kaffe and his assistant, Brandon Mably. The class will piece the quilt top to be done on Sunday with Allen Smith. This experience will empower you to try new approaches and you will walk away invigorated!
